

VII World Petroleum Council Youth Forum *at a glance*

ENERGY TRANSITION: DIALOGUE OF GENERATIONS

On September 29 – October 2, 2022 the KAZENERGY Association together with the World Petroleum Council with the support of the Government of the Republic of Kazakhstan organized on the premises of the Kazakh-British Technical University **VII WPC Youth Forum on the topic: "Energy transition: Dialogue of Generations"**.

The Forum's programme focused on the following blocks: **Innovative Leadership, Sustainable Technologies and Energy & Society** and reflected the importance of partnerships and sustainable relationships between young professionals, students and senior generation of energy leaders, recognized industry experts and people with extensive professional experience in the ongoing transformation of the industry. It also included the issue of how joint efforts and benefits of generations can facilitate adapting to new realities on the way towards net-zero future.

The format of the WPC Youth Forum also made it possible to draw the attention of the global industry community to the vision of Kazakhstan's strategic initiatives to ensure the energy transition, environmental responsibility and decarbonization of the national economy.

The business program of the Forum included panel sessions on topical issues of the energy agenda, thematic breakfasts, and the special Kazakhstani session dedicated to the development of technical universities in Kazakhstan with the participation of the leadership of the world's leading universities. In total, the business program of the Forum included more than **20 events**. As a result of the Youth Forum, the delegates of the VII WPC Youth Forum adopted the **WPC Almaty Declaration**.

The Forum was attended by young professionals and recognized experts from all over the world, representatives of Kazakhstani and foreign technical universities, graduates of the Bolashak program, representatives of international and Kazakhstani oil and gas corporations. **In total, more than 700 delegates took part in the Forum, 112 speakers from 29 countries** delivered their valuable speeches and presentations.

In addition, Almaty hosted WPC governing bodies' meetings. **During the WPC Council Meeting, members of the WPC National Committees adopted new WPC Strategic Plan and Saudi Arabia was announced as a host country for the World Petroleum Congress in 2026.**
